

Rather cloudy and warmer today with highest 76 to 82. Fair tonight with lowest 58 to 64. Tomorrow rather cloudy with little temperature change and chance of afternoon showers.

# 'Big Three' To Operate Suez Canal

## ARMED BANDITS 'HIT' BRISTOL TOWNSHIP

### Morrisville Well Cut Off Main System

Rusty Water Apparently Caused By Manganese Content

Morrisville's 1,000,000 gallon-a-day well has been cut off from the borough's water supply system and will remain off until a rust condition in the water supply is cleared.

In a report to Borough Council last night, Councilman Thomas Pursell, chairman of the water committee, reported that apparently a high manganese content in the water is causing it to come from the faucets "rusty."

The well, located on Fifth street, put into operation only last month, was disconnected from the water system August 25, after tests were used to determine the cause of the water discoloration to clothes and outlets in the home.

Mr. Pursell said the well would be kept out of operation until the matter is cleared up. The borough is continuing its own tests on the water, and an engineer from the Graver Company, New York, installers of the well's iron remover plant, will conduct further tests Friday.

The water trouble was first believed to be in the water main, Borough Secretary Bob Steward said, but now it is suspected that the manganese content is to blame. Mr. Steward said that the specifications call for 3 per cent per million gallons of water (Continued on Page 3, Col. 4)

### Good Evening!

He rejects force in Suez hassle.

Says the President, the U. S. will go to war only to defend herself.

Well sir, that makes the record straight and should make it clear to Britain and France that every possible avenue of peaceful negotiation should be exhausted before they get trigger happy.

And if there's any doubt lingering anywhere in the world about America's peaceful aspirations Mr. Eisenhower's clear and precise statement at his press conference yesterday should dispel it.

Weather still gorgeous and skies make the prognosticators look like amateurs.

Another month to go and we'll be done with the hurricane season and somehow or other we've got a hunch we'll make it without the trees getting into each other's hair and the rivers and creeks running like wild. Old Ma Nature very kind up to now.

And old Bucks county entering another glory season and autumn flowers begin to show and a tint of fall is faintly susceptible in the fields and woodlands.

It's like we always say: Only thing the rest of the country has is what Bucks county had left over.

Democratic governor elected in Maine and the resounding victory is discounted by the GOP as merely due to the popularity of the man.

We're not too sure. Nor are we too sure that surprise wasn't something of a jolt to the Republican party still making it appear that it's so sure of November victory that there's no use getting excited about it.

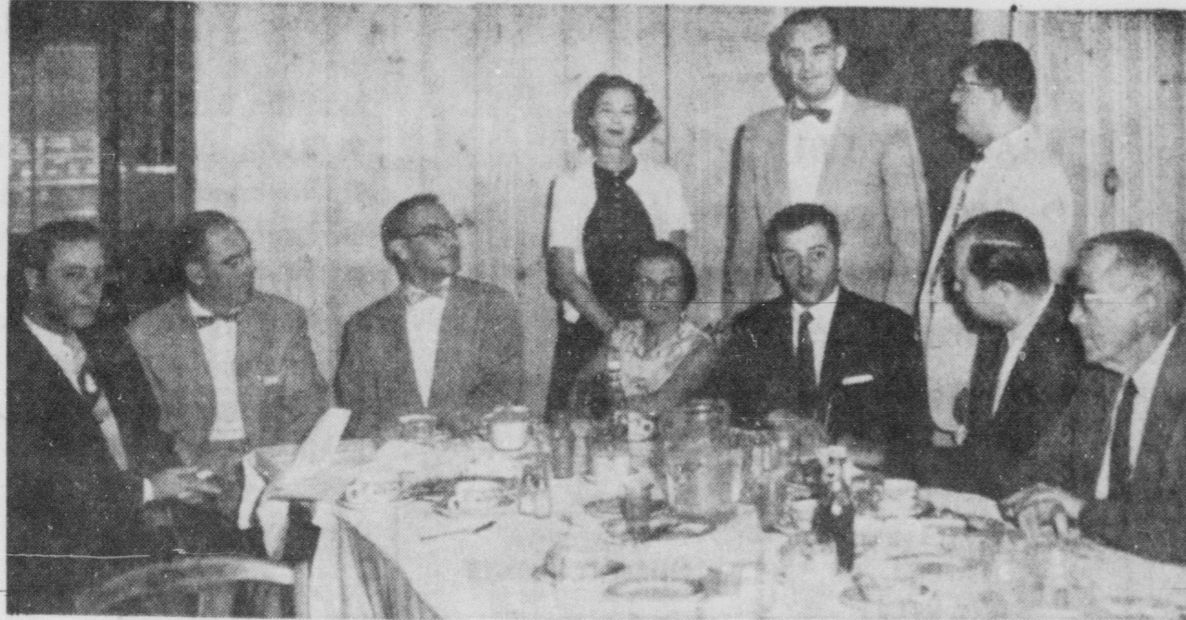

There they are: Dodgers and Braves tied for first.

The Phillies? Since the middle of April they've been trying to get their show on the road but have never quite made the grade.

Romance hasn't changed much through the ages. The ancient Greek gals used to sit in the moonlight and listen to a lyre, too.

Watch your driving.

### Preparing For United Fund Campaign

Industrial and Commerce Division of the United Fund campaign beginning October 2 had the first of a series of breakfast meetings this morning at 8 o'clock at the Keystone hotel and polished off final plans for this vitally important phase of the \$603,000 financial appeal. Otto Grupp III is chairman of the division. Seated, left to right, are Adrian Hoffman, executive director of United Fund; R. A. Nelson, Udo Fischer, Mrs. Edward Linforth, Stephen Midouhas, Robert Warwick and W. B. McCluer. Standing, left to right, are Mrs. Olivia Miller, publicity director for United Fund, Mr. Grupp, and John Spadaccino, labor representative of United Fund.

### Troops Hold Back Throng In Clay, Ky.

Protect Negro Children Entering White School

The Kentucky National Guard moved two companies of troops under cover of darkness into Clay, Ky., last night and held back a jeering crowd while a Negro mother brought her two children to a white school today.

The maneuver left townspeople, who have been successful in keeping Negroes out of their school, completely surprised. When dawn broke, the sun gleamed on the guns of the state troops.

Clay is a little community 11 miles south of Sturgis, another racial hot spot.

Sturgis and Clinton, Tenn., where Negroes have been admitted to integrated schools for the first time this fall, settled down to almost normal routine after days of violence.

But a rock fight broke out between white and Negro youths in a tense situation at the Texarkana, Tex., Junior College which was ordered by the courts to integrate. Crowds of whites have kept a Negro girl there from attending classes.

#### Clinton Guard Removed

A four-foot cross wrapped in kerosene-soaked cloth was set afire on the grounds of the Dunbar High School for Negroes in Texas and four white and seven Negro boys there were arrested for fighting.

The National Guard was removed today from Clinton and the job of keeping law and order was restored to local authorities. Clinton High School reported that enrollment was almost up to normal.

Troops of the 243rd Tank Battalion of the Kentucky National Guard—minus tanks—wheeled into Clay Tuesday night.

### Hall, GOP Leader, To Visit Levittown

Republican National Chairman Leonard Hall will come to Levittown with U. S. Senator James H. Duff (R-Pa.) Friday to chat and shake hands with new voters and other citizens at the Shopping Center.

The visit was announced by Paul C. Voltz, chairman of the Bucks County Citizens for Eisenhower, who said Sen. Duff plans at least two more visits to the county and local Republican leaders and hopes Vice President Richard M. Nixon will come during the campaign.

Mr. Hall and Sen. Duff, in tentative plans, will be at the shopping center from about 7:30 to 9 p. m., near Pomeroy's department store, where county registrars will be on hand to register voters.

In past registrars' visits, up to (Continued on Page 3, Col. 5)

### Senator Wiley Wins Nomination

Sen. Alexander Wiley won Republican renomination for the U. S. Senate early today when his younger opponent conceded in a down-to-the-wire battle.

Meanwhile, the outcome was still in doubt in another close senatorial contest in Colorado.

Rep. Glenn Davis, 41, conceded to Wiley shortly after the veteran GOP senator surged to a lead of some 10,000 votes in the spotlighted Wisconsin GOP battle for the senatorial nomination. It was the largest margin Wiley had enjoyed during the ballot counting.

Davis wished Wiley "well" in a congratulatory telegram and urged all Wisconsin Republicans to back the 72-year-old senator in his campaign to win election to his fourth term in the Senate.

Wiley will face state Sen. Henry Maier, who won the Democratic bid, in the November election.

#### Will Face Maier

Maier fought a close battle for his nomination with former Democratic state Chairman Elliot Walstead.

Wiley had cast himself in the role of the underdog in the battle, since the regular GOP organization had thrown its support to Davis.

Colorado highlighted a Democratic senatorial contest between former Congressman John A. Carroll and Charles F. Brannan, secretary of agriculture in the (Continued on Page 3, Col. 8)

### Tropical Storm Batters Mexico

NEW ORLEANS —UP— Tropical storm Dora slammed against the coast of Mexico from the gulf with winds up to 70 miles per hour today and sent high tides crashing against the lower coast of Texas.

The U. S. Weather Bureau reported the storm, fourth tropical whirler of the year, shifted unexpectedly toward the Southwest during the night and its center would move near Nautla, Mexico.

The storm had previously been traveling almost due west across the gulf waters on a course aimed at Tampico, but the shift brought the storm against the coast in a more southerly area.

The top winds in squalls near the center were just under full hurricane strength of 75 miles per hour. Gales churned the water outward for 50 to 75 miles.

Small craft from Corpus Christi, Texas, southward were warned to remain in port until the rough seas subsided.

### Jury Drops Sain Charge

The September Grand Jury yesterday afternoon dismissed assault and battery charges against Dr. Fletcher D. Sain, chief of staff of Lower Bucks County Hospital.

In handing down a "no true bill," the grand jury also ordered Dr. Glenn W. Bricker, 153 Snowball drive, Levittown, to pay the costs of prosecution.

Dr. Bricker prosecuted the action against Dr. Sain. Court costs he had to pay amounted to \$62.05. Most of the time, when a grand jury fails to indict a defendant, the costs are placed on the county.

Patrolman Earl Buck of Bristol borough police was a witness yesterday. He was at the hospital at the time of the altercation between the two physicians.

The assault and battery charge grew out of an alleged argument between the physicians at 4:30 a. m. May 7.

Dr. Bricker accused Dr. Sain of forcefully trying to eject him from the hospital.

The Bucks County Court today refused to allow Dr. Glenn W. Bricker, Levittown, to withdraw assault and battery charges against Chief Howard C. Shook, of Middletown Township.

The charge against Chief Shook is scheduled to go before the grand jury today.

The court also refused an oral motion by Dr. Bricker to instruct (Continued on Page 3, Col. 1)

### President Sees Draft Continuing

WASHINGTON — UP — President Eisenhower, differing with Adlai E. Stevenson, sees no chance of ending the draft "in the immediate future."

Mr. Eisenhower told his news conference yesterday that he would not use the words "foreseeable" future in answering the question of whether the draft could be ended. But, he said that "in the immediate future . . . I see no change of ending the draft and carrying out the responsibilities for the security of this country . . ."

### Move Called 'Conspiracy' By Egyptians

Britain's Eden Gives Policy Talk In House of Commons

LONDON — UP — Prime Minister Sir Anthony Eden announced today that the United States, France and Britain are joining in a "users association" intended to take over operation of the Suez Canal.

The association, to be formed "without delay," would employ pilots, coordinate canal traffic, collect canal tolls and act as a voluntary association for the exercise of rights of canal users, Eden's announcement before the House of Commons said.

Egypt would receive "appropriate payments" and would be asked to cooperate in maintaining maximum flow of traffic.

French Premier Guy Mollet, making a similar announcement in Paris, said the association "will begin to function and to exercise its powers immediately."

The plan was the West's harsh answer to Egyptian President Gamal Abdel Nasser's rejection of the far more lenient Dulles plan previously approved by 18 nations at the London conference two and a half weeks ago.

#### Considers Pact Breach

Eden said that should Egypt reject the "users association" she then will be considered to have breached the 1888 convention of Constantinople assuring free passage through the canal and Britain and France would feel free to take such steps as are "deemed necessary."

He said the British government had no intention of relaxing its military precautions in the canal area.

"This organization will be provisional in character but we hope it will lead to a permanent agreement," Eden told an emergency session of Parliament.

The United States sent a secret note to Eden shortly before he went before the House to outline Anglo-French strategy in the deepening crisis over the vital waterway.

An announcement similar to Eden's was delivered to the House of Lords by government spokesman Lord Salisbury.

### Two Plead Guilty, Fined

Two persons, who pleaded guilty to criminal offenses in Lower Bucks County, were fined in county court this morning.

William R. Yingling, 238 Trenton road, Fairless Hills, was fined \$250 and costs for driving after his license was suspended. He was picked up by Falls Township police on June 16 for speeding, and presented the policemen a New Jersey driver's license.

Yolanda Spano, Philadelphia, was fined \$50 and costs for larceny.

### New Aggression Charged By Arabs

JERUSALEM Jordanian Sector —UP— The Arab News Agency reported that 15 Jordanian soldiers were killed today in a "treacherous Jewish aggression" in the Hebron region of Jordan.

### New Voters Registration

The Bucks County Traveling Registrars are now visiting local municipalities to sign up new voters for the coming November 6 presidential election. The centers are open from 2 p. m. until 9 p. m.

#### TODAY

Eddington Fire House, Bensalem Township.  
West Rockhill Township Consolidated School.

#### TOMORROW

Middletown Township Municipal Building, Hulmeville avenue.  
Samuel Everitt School, Levittown.

### Victims of Holdup Men

David Moscufo, 11, looks admiringly at his mother, Mrs. Lena Moscufo, who out-talked and bluffed two holdup men out of the money in the cash register in her grocery store on Magnolia road, opposite Bristol Terrace II, last night. The robbers left after an attempt to shoot Mrs. Moscufo failed.

A. K. Margerum and his wife Katherine, both 72, inspect the empty cash register drawer which two holdup men cleaned out last night. The harassed robbers fled as Mrs. Margerum screamed for help and her husband tripped and shoved one of them. (Courier and Times Photo)

### \$60 Stolen From Edgely Gas Station

Terrace Market Owner Bluffs Pair Out Of Robbery

By GORDON PARKER  
Courier and Times Staff Writer

Two armed holdup men, apparently the same pair who have been victimizing Trenton service stations, struck twice within half an hour last night in Bristol Township and then eluded a hastily formed police net.

In their first foray into Lower Bucks County last night the gunmen were bluffed out of their loot by a fast-talking woman grocer. Angered at the woman's refusal to hand over the money the robbers attempted to shoot her, but their chrome-plated revolver failed to fire. The men then left.

#### Counting Money

Mrs. Lena Moscufo, who runs Lena's grocery store, on Magnolia road, opposite Bristol Terrace II, reported the two men attempted to rob her shortly after 9 p. m.

She said she was counting the money in her cash register when one of the pair, who was about 18 years old, walked in to buy some gum.

The second man followed him in the store. "He had a funny look on his face as if he was uneasy. Then I noticed that they were strangers," she said. The second was about 23 years old, she reported.

"The second man pulled a gun and said 'Give me everything you got in the drawer and don't make a sound.'"

"I thought they were kidding and just stood there," she said. "Then I said, 'You don't mean it, my husband and four sons are in the back room.' That must have scared them from the way they acted. But the second man said, 'I mean it all right and don't make a sound.'"

#### 'Nice, Young Fellows'

"You look like nice, young fellows. Why would you want to do anything like this. You'll only get in trouble," I told them.

The youngest one walked out the door and stood on the porch, Mrs. Moscufo said. When the second one noticed that he backed out also, after trying to shoot Mrs. Moscufo.

She said she had about \$130 in the cash register at the time.

Then within a matter of minutes the pair held up a general store-service station in Edgely where they got about \$60. But while they were fleeing before the fury of the plucky 72-year-old proprietor, who tripped and shoved one of the robbers, the holdup men were spotted by a Neibauer bus driver. (Continued on Page 3, Col. 2)

### Bridge Pair To Face Jury

Former chairmen of the Delaware River Joint Toll Bridge Commission will go before a grand jury in November to answer fresh charges that they profited illegally from their positions on the bi-state agency.

Leslie Brown, of Trenton, and Alexander R. Miller, Easton, Pa., were ordered held during a day-long hearing yesterday before Justice of the Peace Leon H. Milnor, Newtown, despite strenuous objections by attorneys that the two former commission heads had not knowingly violated the law, citing evidence to hold Brown on charges he accepted illegal salaries totaling \$11,666, and that he was "directly or indirectly" interested in the sale to the commission of a \$4,346 china set manufactured by a company he heads.

Milnor ordered Miller held for the jury on two counts of "obtaining money under false pretenses" during a trip to Las Vegas, Nev., in 1954 and of using commission funds to maintain a lobby in Harrisburg, Pa.

### Jury Drops

Continued from Page One  
the district attorney to re-submit the case against Dr. Fletcher D. Sain to the grand jury.

#### Four Reasons

In asking the court to withdraw charges against Chief Shook, Dr. Bricker listed four reasons for his petition.

He said that it had been made known to him that the office of the assistant district attorney did not want to prosecute Chief Shook and that the DA would not let the matter get beyond the grand jury.

Secondly, he said the assistant district attorney had shown prejudice to a justice of the peace. Thirdly, he said, the assistant district attorney had failed to carry out his duties in presenting the Sain case to the grand jury.

Finally, Dr. Bricker said the district attorney said that "Dr. Bricker is improperly motivated."

President Judge Edward G. Biester said that he would have to refuse the charges against Shook to be withdrawn if those were the reasons for the doctor's request. He said he would have no objection to withdrawing the charges on a direct request by Dr. Bricker, if the allegations were eliminated.

Judge Edwin H. Satterthwaite, who agreed with Judge Biester, said, "This seems like much ado about nothing as far as I'm concerned."

Judge I. Louis Rubin said that he, too, could not agree to a withdrawal of the charges unless the grounds cited by Dr. Bricker were proven.

### Levittown Driver Hurt In Accident

Frederick R. Gohen, 38, of 1 Valley road, Levittown, was admitted to Lower Bucks County hospital last night with a fractured right ankle and laceration of his left hand after he lost control of his car and ran into a ditch on Route 413, near Levittown.

Patrolman Paul Mucklow reported that Gohen was traveling north on the highway when he lost control. He was taken to the hospital by the Levittown Emergency Squad.

### Democrats Hear Manager Proposal

Edward A. Wiler, chairman of duty full time who knows how to run a township efficiently."

The more than 100 members present heard talks by John P. Fullam, candidate for Congress, and A. Patrick Brennan, seeking reelection to the state assembly.

Both men presented their platforms and outlined campaign plans. The organization endorsed both candidates and authorized the expenditure of funds for their campaigns.

The Democrats also backed the position of three party members on the township School Board who advocated closing Bristol Terrace schools for at least this year.

Mrs. Patricia Gannon, Louis C. Souder and Benjamin Stockett, school directors, all favored closing the Bristol Terrace schools, at least temporarily, on the grounds that no children should be sent to schools that are "inadequate or not up to modern educational standards."

In other business the members discussed plans for the last few days of the current voters registration drive.

Earl B. Dougherty, first vice chairman, said the organization is placing great stress on getting people to register. "It is not too important how they register. The main thing is to register so they can be eligible to vote in November," he said.

### Falls Will Conduct Development Survey

A six months survey of Falls township to guide its future development was ordered last night by the township Planning Commission.

Planning Consultant Carl W. Wild will begin the "land use and preliminary development" study in three weeks with the state and township supervisors sharing its \$3000 cost. Commission secretary John Banko, of Levittown, said similar surveys are now underway in Middletown and Bristol townships.

The planners received an offer from Allan S. Olsen, executive secretary of the Lower Bucks County branch of the Pennsylvania Economy League for a League study of prospective parks and playgrounds for the township. No decision was made on accepting it.

Chairman William Prentiss, of Levittown, named commission members to head special committees, to study special aspects of planning with township citizens. Each chairman will recruit four or five committee members from the township, with Mr. Prentiss as an ex-officio member.

### Area Man Fined On Gun Charge

Raymond J. Buss, 1311 Susan avenue, Croydon, was fined \$50 and costs yesterday in Bucks County Court after pleading guilty to carrying a firearm without a license.

Buss was arrested by Bristol township police on Aug. 31 at the Route 13 footbridge over the Pennsylvania railroad, Croydon. Police found a 12-gauge sawed-off shotgun on the front seat of his automobile.

### Big Demand Surge Seen From Detroit

NEW YORK —UP— Impact of steel orders expected from auto makers in the next few days will squeeze the nation's already tight steel market to the point where it's "shut like a vise," Iron Age said today.

The metalworking publication noted what it called an "artificial feeling of plenty" in some steel products because of the "slowness" of car makers to commit themselves on production of their 1957 models.

"Tip-Off" On Demand  
But there has been a "tip-off" of the demand surge to come, Iron Age said — namely a "recent and sudden tightening of forging bars and billets and a quick pickup in demand for manufacturers' wire." Those products are extensively used in car manufacture.

Although mills have left some space open in their books for November and December automotive orders, Detroit's needs will jam the books solidly through the end of the year in most products, the trade paper said.

### Rusty Water

Continued from Page One  
bination of iron and manganese) and the well's output of manganese is "much higher than that."

Tests May Be Answer  
Tests on post-chlorination and pre-chlorination, Mr. Steward said, may be the answer we want. The tests were favorable to pre-chlorination of the water, he said.

Meanwhile, water for the borough will be supplied from the Delaware river through the filtration plant, a capacity of 1,500,000 gallons a day.

In other action, Councilman James Magee, chairman of the streets and lights committee, reported that an arborist, supplied to the borough free of charge by the Philadelphia Electric company, will begin a three-months survey of the trees in the borough.

The arborist will make a complete atlas of borough trees, pinpointing each tree, and its particular case, with suggestions on what to do about present planting plans and procedures.

The tree expert met last month with the street committee and the Tree Commission to brief his plans. The committee decided to take the services of the arborist and said his plan, if accepted, could be used as the "official planting plan" of the borough.

Street Lighting Survey  
Mr. Magee said that a similar survey of the borough's street lights should be made. He reported that street lights will be put up on W. Palmer street sometime next week.

An \$8,730 lease-back in rent, due September 25, to the Morrisville Municipal Authority on a loan on the water works, was unanimously passed to be repaid.

Council voted to supply a service station across from the Morrisville Drive-In theater with water from its system. The vote was five to three.

The split came when it couldn't be agreed upon why the gas station shouldn't locate in the borough. The arguments being, that the station requested the borough's water and it (the station) serves as a possible tax source.

A resolution was passed amending the Plumbing Code to require master plumbers to pay a fee of \$50 for the first year in the borough and a \$15 fee for each additional year, and to require a journeyman plumber to pay a \$20 fee for the first year and a \$5 fee for each additional year.

Morrisville residents will be required to pay anything over the fixed cost of \$4 for installing water meters in their homes, according to a recommendation by Mr. Pursell. The vote was unanimous.

Decision Reversed  
The sanitation committee recommended that a recent Board of Health decision, concerning an application for a sewer hook-in, be reversed. Sanitation Committee Chairman Charles D. Elcock reported that the Board of Health recently denied application to a residence at 490 Hamilton boulevard to hook-in to Gindin's private sewer lines on the grounds that there were no more facilities available.

The sanitation committee reported that the home is the 72nd home to request the sewer hook-up in a 75-home limit, and they could see no reason to deny the applicant permission to hook-in.

The Board of Health's decision was reversed by unanimous vote. A \$70,000 bond issue payment, floated for water works improvement, is due. The council voted to pay \$5,000 on the principal and a \$156.25 interest payment.

The public properties committee reported that Delbert Pinckard made a request to buy two borough's scales for a price of \$100. The scales are unused at the present time, and are located near the water works.

### Claim Crossings Don't Measure Up

Bristol borough councilmen examine the railroad grade crossing on Farragut avenue near Green lane, one of several spots where they claim the rough surface is a hazard for motorists. Council maintains that the Pennsylvania Railroad paved the adjoining road section too high, leaving a deep hole for the rails. They're filing a complaint with the Public Utility Commission. Looking on as Borough Engineer Livingston Joyce (right) holds a measuring rule are (from left) Councilmen William Strobele and Samuel Navetta, street and highway committee chairman. (Courier and Times Photo)

### 7 Area Drivers Are Fined \$1600

Seven persons pleaded guilty in Bucks County Court yesterday to drunken driving offenses in Lower Bucks County and were fined a total of \$1600.

John Hadnagy, Bellevue House, Pennel, was fined \$300 and costs or 30 days in Bucks County Prison if he does not pay the fine.

He was arrested by Pennel police following an accident at Route 1 and Durham road, Pennel, on June 23.

The second person to receive a \$300 fine was Francis Davis, 620 Race street, Bristol. He was arrested July 7 by Bristol township police.

Christopher G. Miller, 18, of Philadelphia, was fined \$200 and costs. He was arrested July 4 after going through a red light on Bustleton pike, Southampton. He also sideswiped another car. Miller said he obtained beer at a picnic.

Evelyn A. Schindel, 1821 Richill road, Feasterville, was fined \$200 and costs for drunken driving in Middletown township on July 1.

She was stopped at Routes 1 and 413 for riding on the shoulder of the highway.

Edgar Bowker Jr., Philadelphia, was fined \$150 and costs, the lowest of the day. He was arrested by Bristol township police on Aug. 5 after he went through a red light at State road and Cedar avenue, Croydon.

John A. Davis, Trenton, arrested on the Bristol Township side of the Pennsylvania turnpike bridge on June 30, was fined \$250 and costs. He was arrested by state police.

Hamilton was arrested July 1 by Bristol township Constable Malcolm MacKenzie after playing a game of tag with the constable around the township.

MacKenzie's son was injured once during the "game" when the constable was forced to stop quickly in order to avoid striking Hamilton's car.

After a warning, Hamilton still followed the constable's car and was eventually arrested.

### First Birthday Party Planned By Ski Club

The Levittown Ski club will celebrate its first birthday with a party Saturday, Sept. 29 at the home of Mr. and Mrs. Jack Topliffe, 68 Valley road, Levittown.

Nan Herkorn, chairman, announced plans for the affair at the club's regular meeting Tuesday evening at the home of Mr. and Mrs. John Tyma, 10 Good lane, Levittown.

Other activities planned by the club include a weekend camping trip Oct. 6 and 7 in the Poconos and water skiing this Sunday on the Delaware. John Tyma can be contacted for details on the camping trip and Ken Rossbauer is chairman of water skiing activities.

Club members will attend a square dance in October of the New Jersey Skaters Ski club.

Miss Erna Schauer, of Cobalt Ridge, Levittown, was welcomed as a new member.

The next meeting, Sept. 25, will take place at the home of the club president, Jack Berkley, 86 Goldengate road at 8:30 p.m.

### Grand Jury Indicts 21 In County Court

The September Grand Jury yesterday morning held seven persons for Criminal Court trials and released one man who was arrested on a technical charge of assault and battery with intent to ravish. Fourteen were indicted during the afternoon session.

The jury failed to indict Joseph Shirken, 62, Trenton, who allegedly molested two Falls Park youngsters.

Mr. Voltz said this is the first time, to his knowledge, that a Republican national chairman has visited Bucks county.

Celebrating the visit, the Bucks County Eisenhower group's Ike Bandwagon, a 40-foot house trailer, will be stationed on the Levittown site.

An accident at 4:25 p.m. yesterday at West Bridge street and Morris avenue, Morrisville, resulted in \$370 damages to the vehicles and a reckless driving charge against one of the drivers.

Patrolman Joseph DiGiorgio, investigating, said that Pedro Heredia Romos, King Farms, driving on Bridge street, hit a parked truck, belonging to Michael Zeleznak Jr., 132 Keystone avenue.

Romos told police that he didn't have any brakes on his car and just hit the truck. Romos was charged with reckless driving. Damage to Romos's car was estimated at \$300 and damage to the truck was \$70.

The sanitation committee recommended that a recent Board of Health decision, concerning an application for a sewer hook-in, be reversed. Sanitation Committee Chairman Charles D. Elcock reported that the Board of Health recently denied application to a residence at 490 Hamilton boulevard to hook-in to Gindin's private sewer lines on the grounds that there were no more facilities available.

The sanitation committee reported that the home is the 72nd home to request the sewer hook-up in a 75-home limit, and they could see no reason to deny the applicant permission to hook-in.

The Board of Health's decision was reversed by unanimous vote. A \$70,000 bond issue payment, floated for water works improvement, is due. The council voted to pay \$5,000 on the principal and a \$156.25 interest payment.

The public properties committee reported that Delbert Pinckard made a request to buy two borough's scales for a price of \$100. The scales are unused at the present time, and are located near the water works.

### Man Tells Police He Killed Wife

PHILADELPHIA — UP — A man arrested while carrying a toy pistol received a hearing today after telling police he stabbed his wife to death in their Boston apartment on July 5.

The suspect, who identified himself as Donald R. Killium, 70, of Boston, was arrested Tuesday on a street corner.

Detectives had converged on the scene after a tavern owner telephoned that a patron was carrying a gun in his belt.

"Unfaithful"  
As police sought to link him to various holdups, Killium blurted out that he had killed his wife, Theresa, 28 on suspicion she was unfaithful, according to Capt. David Roberts of the Homicide squad.

Roberts quoted him as saying he and his wife had been drinking with several sailors they met in Stoltz Square in Boston, but that he left and went home. He hid under the bed and surprised his wife and a sailor when they came to the apartment. The sailor fled, but Killium stabbed his wife as she tried to run away, according to Roberts.

'Big Three' To Operate Suez Canal  
ARMED BANDITS 'HIT' BRISTOL TOWNSHIP

Morrisville  
Well Cut Off  
Main System

Rusty Water  
Apparently Caused  
By Manganese Content

Morrisville's 1,000,000 gallon-a-day well has been cut off from the borough's water supply system and will remain off until a rust condition in the water supply is cleared.

In a report to Borough Council last night, Councilman Thomas Pursell, chairman of the water committee, reported that apparently a high manganese content in the water is causing it to come from the faucets "rusty".

The well, located on Fifth street, put into operation only last month, was disconnected from the water system August 25, after tests were used to determine the cause of the water discoloration to clothes and outlets in the home.

Mr. Pursell said the well would be kept out of operation until the matter is cleared up. The borough is continuing its own tests on the water, and an engineer from the Graver Company, New York, installers of the well's iron remover plant, will conduct further tests Friday.

The water trouble was first believed to be in the water main, Borough Secretary Bob Steward said, but now it is suspected that the manganese content is to blame. Mr. Steward said that the specifications call for .3 per cent per million gallons of water (Continued on Page 3, Col. 4)

Good  
Evening!

Ike rejects force in Suez hassle.

Says the President, the U. S. will go to war only to defend herself.

Well sir, that makes the record straight and should make it clear to Britain and France that every possible avenue of peaceful negotiation should be exhausted before they get trigger happy.

And if there's any doubt lingering anywhere in the world about America's peaceful aspirations Mr. Eisenhower's clear and precise statement at his press conference yesterday should dispel it.

Weather still gorgeous and skies make the prognosticators look like amateurs.

Another month to go and we'll be done with the hurricane season and somehow or other we've got a hunch we'll make it without the trees getting into each other's hair and the rivers and creeks running like wild. Old Ma Nature very kind up to now.

And old Bucks county entering another glory season and autumn flowers begin to show and a tint of fall is faintly susceptible in the fields and woodlands.

It's like we always say: Only thing the rest of the country has is what Bucks county had left over.

Democratic governor elected in Maine and the resounding victory is discounted by the GOP as merely due to the popularity of the man.

We're not too sure. Nor are we too sure that surprise wasn't something of a jolt to the Republican party still making it appear that it's so sure of November victory that there's no use getting excited about it.

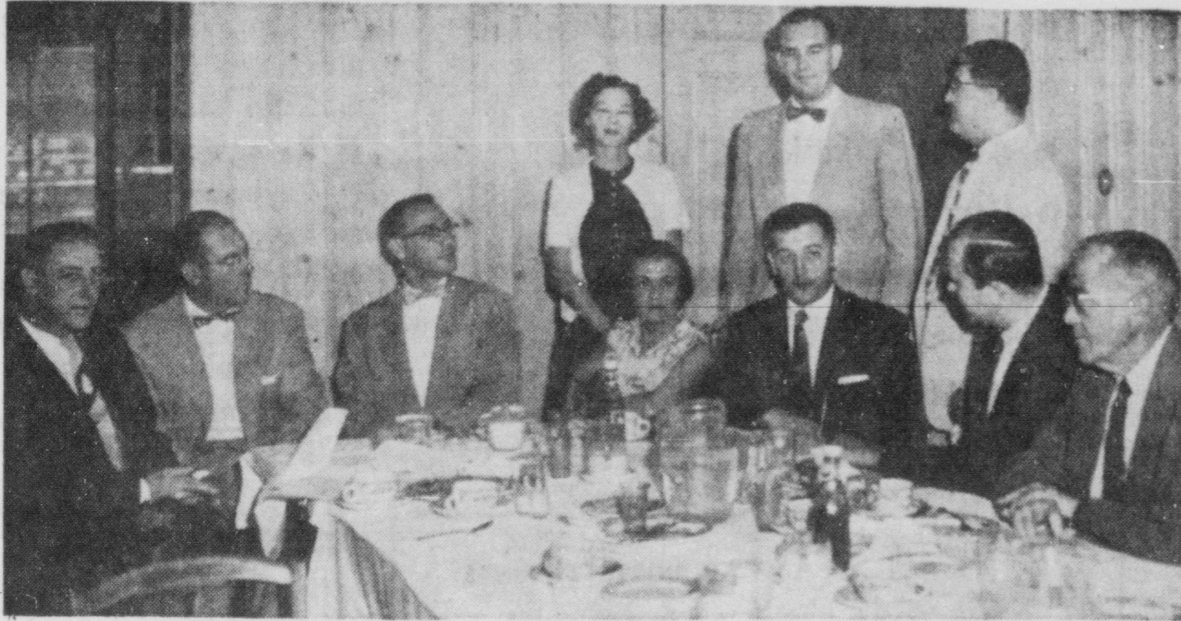

There they are: Dodgers and Braves tied for first.

The Phillies? Since the middle of April they've been trying to get their show on the road but have never quite made the grade.

Romance hasn't changed much through the ages. The ancient Greek gals used to sit in the moonlight and listen to a lyre, too.

Watch your driving.

Preparing For United Fund Campaign

Industrial and Commerce Division of the United Fund campaign beginning October 2 had the first of a series of breakfast meetings this morning at 8 o'clock at the Keystone hotel and polished off final plans for this vitally important phase of the \$603,000 financial appeal. Otto Grupp III is chairman of the division. Seated, left to right, are Adrian Hoffman, executive director of United Fund; R. A. Nelson, Udo Fischer, Mrs. Edward Linforth, Stephen Midouhas, Robert Warwick and W. B. McCluer. Standing, left to right, are Mrs. Olivia Miller, publicity director for United Fund, Mr. Grupp, and John Spadaccino, labor representative of United Fund.

Troops Hold  
Back Throng  
In Clay, Ky.

Protect Negro  
Children Entering  
White School

The Kentucky National Guard moved two companies of troops under cover of darkness into Clay, Ky., last night and held back a jeering crowd while a Negro mother brought her two children to a white school today.

The maneuver left townspeople, who have been successful in keeping Negroes out of their school, completely surprised. When dawn broke, the sun gleamed on the guns of state troops.

Clay is a little community 11 miles south of Sturgis, another racial hotpot.

Sturgis and Clinton, Tenn., where Negroes have been admitted to integrated schools for the first time this fall, settled down to almost normal routine after days of violence.

But a rock fight broke out between white and Negro youths in a tense situation at the Texarkana, Tex., Junior College which was ordered by the courts to integrate. Crowds of whites have kept a Negro girl there from attending classes.

Clinton Guard Removed  
A four-foot cross wrapped in kerosene-soaked cloth was set afire on the grounds of the Dunbar High School for Negroes in Texas and four white and seven Negro boys there were arrested for fighting.

The National Guard was removed today from Clinton and the job of keeping law and order was restored to local authorities. Clinton High School reported that enrollment was almost up to normal.

Troops of the 243rd Tank Battalion of the Kentucky National Guard—minus tanks—were moved into Clay Tuesday night.

Hall, GOP Leader,  
To Visit Levittown

Republican National Chairman Leonard Hall will come to Levittown with U. S. Senator James H. Duff (R-Pa.) Friday to chat and shake hands with new voters and other citizens at the Shopping Center.

The visit was announced by Paul C. Voltz, chairman of the Bucks County Citizens for Eisenhower, who said Sen. Duff plans at least two more visits to the county and local Republican leaders and hopes Vice President Richard M. Nixon will come during the campaign.

Mr. Hall and Sen. Duff, in tentative plans, will be at the shopping center from about 7:30 to 9 p. m., near Pomeroy's department store, where county registrars will be on hand to register voters.

In past registrars' visits, up to (Continued on Page 3, Col. 5)

Senator Wiley  
Wins Nomination

Sen. Alexander Wiley won Republican renomination for the U. S. Senate early today when his younger opponent conceded in a down-to-the-wire battle.

Meanwhile, the outcome was still in doubt in another close senatorial contest in Colorado.

Rep. Glenn Davis, 41, conceded to Wiley shortly after the veteran GOP senator surged to a lead of some 10,000 votes in the spotlighted Wisconsin GOP battle for the senatorial nomination. It was the largest margin Wiley had enjoyed during the ballot counting.

Davis wished Wiley "well" in a congratulatory telegram and urged all Wisconsin Republicans to back the 72-year-old senator in his campaign to win election to his fourth term in the Senate.

Wiley will face state Sen. Henry Maier, who won the Democratic bid, in the November election.

Will Face Maier

Maier fought a close battle for his nomination with former Democratic state Chairman Elliot Walstead.

Wiley had cast himself in the role of the underdog in the battle, since the regular GOP organization had thrown its support to Davis.

Colorado highlighted a Democratic senatorial contest between former Congressman John A. Carroll and Charles F. Brannan, secretary of agriculture in the (Continued on Page 3, Col. 8)

Tropical Storm Jury Drops  
Batters Mexico Sain Charge

NEW ORLEANS —UP— Tropical storm Dora slammed against the coast of Mexico from the gulf with winds up to 70 miles per hour today and sent high tides crashing against the lower coast of Texas.

The U. S. Weather Bureau reported the storm, fourth tropical whirler of the year, shifted unexpectedly toward the Southwest during the night and its center would move near Nautla, Mexico. The storm had previously been traveling almost due west across the gulf waters on a course aimed at Tampico, but the shift brought the storm against the coast in a more southerly area.

The top winds in squalls near the center were just under full hurricane strength of 75 miles per hour. Gales churned the water outward for 50 to 75 miles.

Small craft from Corpus Christi, Texas, southward were warned to remain in port until the rough seas subsided.

The September Grand Jury yesterday afternoon dismissed assault and battery charges against Dr. Fletcher D. Sain, chief of staff of Lower Bucks County Hospital.

In handing down a "no true bill," the grand jury also ordered Dr. Glenn W. Bricker, 153 Snowball drive, Levittown, to pay the costs of prosecution.

Dr. Bricker prosecuted the action against Dr. Sain. Court costs he had to pay amounted to \$62.05. Most of the time, when a grand jury fails to indict a defendant, the costs are placed on the county.

Patrolman Earl Buck of Bristol borough police was a witness yesterday. He was at the hospital at the time of the altercation between the two physicians.

The assault and battery charge grew out of an alleged argument between the physicians at 4:30 a. m. May 7.

Dr. Bricker accused Dr. Sain of forcefully trying to eject him from the hospital.

The Bucks County Court today refused to allow Dr. Glenn W. Bricker, Levittown, to withdraw assault and battery charges against Chief Howard C. Shook, of Middletown Township.

The charge against Chief Shook is scheduled to go before the grand jury today.

The court also refused an oral motion by Dr. Bricker to instruct (Continued on Page 3, Col. 1)

President Sees  
Draft Continuing

WASHINGTON — UP — President Eisenhower, differing with Adlai E. Stevenson, sees no chance of ending the draft "in the immediate future."

Mr. Eisenhower told his news conference yesterday that he would not use the words "foreseeable" future in answering the question of whether the draft could be ended. But, he said that "in the immediate future . . . I see no change of ending the draft and carrying out the responsibilities for the security of this country . . ."

Move Called  
'Conspiracy'  
By Egyptians

Britain's Eden  
Gives Policy Talk  
In House of Commons

LONDON — UP — Prime Minister Sir Anthony Eden announced today that the United States, France and Britain are joining in a "users association" intended to take over operation of the Suez Canal.

The association, to be formed "without delay," would employ pilots, coordinate canal traffic, collect canal tolls and act as a voluntary association for the exercise of rights of canal users, Eden's announcement before the House of Commons said.

Egypt would receive "appropriate payments" and would be asked to cooperate in maintaining maximum flow of traffic.

French Premier Guy Mollet, making a similar announcement in Paris, said the association "will begin to function and to exercise its powers immediately."

The plan was the West's harsh answer to Egyptian President Gamal Abdel Nasser's rejection of the far more lenient Dulles plan previously approved by 18 nations at the London conference two and a half weeks ago.

Considers Pact Breach

Eden said that should Egypt reject the "users association" she then will be considered to have breached the 1888 convention of Constantinople assuring free passage through the canal and Britain and France would feel free to take such steps as are "deemed necessary."

He said the British government had no intention of relaxing its military precautions in the canal area.

"This organization will be provisional in character but we hope it will lead to a permanent agreement," Eden told an emergency session of Parliament.

The United States sent a secret note to Eden shortly before he went before the House to outline Anglo-French strategy in the deepening crisis over the vital waterway.

An announcement similar to Eden's was delivered to the House of Lords by government spokesman Lord Salisbury.

Two Plead  
Guilty, Fined

Two persons, who pleaded guilty to criminal offenses in Lower Bucks County, were fined in county court this morning.

William R. Yingling, 238 Trenton road, Fairless Hills, was fined \$250 and costs for driving after his license was suspended. He was picked up by Falls Township police on June 16 for speeding, and presented the policemen a New Jersey driver's license.

Yolanda Spano, Philadelphia, was fined \$50 and costs for larceny.

New Aggression  
Charged By Arabs

JERUSALEM Jordanian Sector —UP— The Arab News Agency reported that 15 Jordanian soldiers were killed today in a "treacherous Jewish aggression" in the Hebron region of Jordan.

New Voters  
Registration

The Bucks County Traveling Registrars are now visiting local municipalities to sign up new voters for the coming November 6 presidential election.

The centers are open from 2 p. m. until 9 p. m.

TODAY

Victims of Holdup Men

David Moscufo, 11, looks admiringly at his mother, Mrs. Lena Moscufo, who out-talked and bluffed two holdup men out of the money in the cash register in her grocery store on Magnolia road, opposite Bristol Terrace II, last night. The robbers left after an attempt to shoot Mrs. Moscufo failed.

A. K. Margerum and his wife Katherine, both 72, inspect the empty cash register drawer which two holdup men cleaned out last night. The harassed robbers fled as Mrs. Margerum screamed for help and her husband tripped and shoved one of them. (Courier and Times Photo)

Killer Continues  
To Gain Steadily

The condition of William R. Smith, 29, former Levittown man who killed his wife, wounded her girl friend and shot himself in the head last Sunday, continued to improve in Lower Bucks County Hospital.

In the meantime, Detective Vincent Faragalli, of Bristol police, made a mysterious trip to Harrisburg today in the company of State Police officers, who have been assisting him with the case.

The purpose of the trip was not known, but informed sources said they believed Faragalli and State Police Cpl. Andrew Kutney were going to the State Police laboratory to process evidence gathered so far.

A hospital spokesman reported that Smith has been put on a "soft diet" today and that he will be able to see his family. Police still maintain a 24-hour guard outside the room of the killer.

Mrs. Helen Songer, of 271 Cleveland street, Bristol, who was shot in the back during the shooting spree, was listed as "fair" this morning.

The hospital said she complained of some pain last night and had been given a sedative. She had accompanied Mrs. Ethel Smith into her apartment early Sunday morning, where Smith was waiting in ambush.

Mrs. Smith was fatally shot twice after she fell while fleeing from the apartment. After Smith killed her he chased Mrs. Songer, who had run behind the apartment building, and shot her also.

He then shot himself and crawled into the back seat of a car parked nearby.

The Smiths, who had separated recently, had a history of marital strife dating back to last February.

Gas Station

Terrace Market  
Owner Bluffs Pair  
Out Of Robbery

By GORDON PARKER  
Courier and Times Staff Writer

Two armed holdup men, apparently the same pair who have been victimizing Trenton service stations, struck twice within half an hour last night in Bristol Township and then eluded a hastily formed police net.

In their first foray into Lower Bucks County last night the gunmen were bluffed out of their loot by a fast-talking woman grocer. Angered at the woman's refusal to hand over the money the robbers attempted to shoot her, but their chrome-plated revolver failed to fire. The men then left.

Counting Money

Mrs. Lena Moscufo, who runs Lena's grocery store, on Magnolia road, opposite Bristol Terrace II, reported the two men attempted to rob her shortly after 9 p. m.

She said she was counting the money in her cash register when one of the pair, who was about 18 years old, walked in to buy some gum.

The second man followed him in the store. "He had a funny look on his face as if he was uneasy. Then I noticed that they were strangers," she said. The second was about 23 years old, she reported.

"The second man pulled a gun and said 'Give me everything you got in the drawer and don't make a sound.'"

"I thought they were kidding and just stood there," she said. "Then I said, 'You don't mean it, my husband and four sons are in the back room.' That must have scared them from the way they acted. But the second man said, 'I mean it all right and don't make a sound.'"

'Nice, Young Fellows'

"You look like nice, young fellows. Why would you want to do anything like this. You'll only get in trouble," I told them.

The youngest one walked out the door and stood on the porch, Mrs. Moscufo said. When the second one noticed that he backed out also, after trying to shoot Mrs. Moscufo.

She said she had about \$130 in the cash register at the time.

Then within a matter of minutes the pair held up a general store-service station in Edgely where they got about \$60. But while they were fleeing before the fury of the plucky 72-year-old proprietor, who tripped and shoved one of the robbers, the holdup men were spotted by a Neibauer bus driver. ### Bridge Pair To Face Jury

Former chairmen of the Delaware River Joint Toll Bridge Commission will go before a grand jury in November to answer fresh charges that they profited illegally from their positions on the bi-state agency.

Leslie Brown, of Trenton, and Alexander R. Miller, Easton, Pa., were ordered held during a day-long hearing yesterday before Justice of the Peace Leon H. Milnor, Newtown, despite strenuous objections by attorneys that the two former commission heads had not knowingly violated the law, citing evidence to hold Brown on charges he accepted illegal salaries totaling \$11,666, and that he was "directly or indirectly" interested in the sale to the commission of a \$4,346 china set manufactured by a company he heads.

Milnor ordered Miller held for the jury on two counts of "obtaining money under false pretenses" during a trip to Las Vegas, Nev., in 1954 and of using commission funds to maintain a lobby in Harrisburg, Pa.

### Jury Drops

Continued from Page One  
The district attorney to re-submit the case against Dr. Fletcher D. Sain to the grand jury.

Four Reasons  
In asking the court to withdraw charges against Chief Shook, Dr. Bricker listed four reasons for his petition.

He said that it had been made known to him that the office of the assistant district attorney did not want to prosecute Chief Shook and that the DA would not let the matter get beyond the grand jury.

Secondly, he said the assistant district attorney had shown prejudice to a justice of the peace. Thirdly, he said, the assistant district attorney had failed to carry out his duties in presenting the Sain case to the grand jury.

Finally, Dr. Bricker said the district attorney said that "Dr. Bricker is improperly motivated."

President Judge Edward G. Biester said that he would have to refuse the charges against Shook to be withdrawn if those were the reasons for the doctor's request. He said he would have no objection to withdrawing the charges on a direct request by Dr. Bricker, if the allegations were eliminated.

Judge Edwin H. Satterthwaite, who agreed with Judge Biester, said, "This seems like much ado about nothing as far as I'm concerned."

Judge I. Louis Rubin said that he, too, could not agree to a withdrawal of the charges unless the grounds cited by Dr. Bricker were proven.

### Levittown Driver Hurt In Accident

Frederick R. Gohen, 38, of 1 Valley road, Levittown, was admitted to Lower Bucks County hospital last night with a fractured right ankle and laceration of his left hand after he lost control of his car and ran into a ditch on Route 413, near Levittown.

Patrolman Paul Mucklow reported that Gohen was traveling north on the highway when he lost control. He was taken to the hospital by the Levittown Emergency Squad.

### Democrats Hear Manager Proposal

Edward A. Wiler, chairman of Bristol Township Board of Commissioners, last night said he would like to see a manager form of government installed in the township.

Speaking at the Bristol Township Democratic Organization Wiler said he has done considerable research on the proposal and is convinced the tax payers would get more for their money with a trained, professional manager.

Wiler said he had contacted the Institute of State and Local Governments and various other organizations which had sent literature explaining manager type of governments.

Several members of the organization raised the question whether a manager would take over the powers of the elected commissioners.

It was pointed out, however, that a manager would operate in much the same way as the superintendent of schools under a school board.

After the meeting Russell W. Thompson, chairman of the Democratic organization, stated that he felt most of the commissioners, Democrats and Republicans alike, favored a manager form of government.

"We are a big community and spend a lot of money," Wiler said, "We should have a man on duty full time who knows how to run a township efficiently."

The more than 100 members present heard talks by John P. Fullam, candidate for Congress, and A. Patrick Brennan, seeking reelection to the state assembly.

Both men presented their platforms and outlined campaign plans. The organization endorsed both candidates and authorized the expenditure of funds for their campaigns.

The Democrats also backed the position of three party members on the township School Board who advocated closing Bristol Terrace schools for at least this year.

Mrs. Patricia Gannon, Louis C. Souder and Benjamin Stockett, school directors, all favored closing the Bristol Terrace schools, at least temporarily, on the grounds that no children should be sent to schools that are "inadequate or not up to modern educational standards."

In other business the members discussed plans for the last few days of the current voters registration drive.

Earl B. Dougherty, first vice chairman, said the organization is placing great stress on getting people to register. "It is not too important how they register. The main thing is to register so they can be eligible to vote in November," he said.

An \$8,730 lease-back in rent, due September 25, to the Morrisville Municipal Authority on a loan on the water works, was unanimously passed to be repaid.

Council voted to supply a service station across from the Morrisville Drive-In theater with water from its system. The vote was five to three.

The split came when it couldn't be agreed upon why the gas station shouldn't locate in the borough. The arguments being, that the station requested the borough's water and it (the station) serves as a possible tax source.

A resolution was passed amending the Plumbing Code to require master plumbers to pay a fee of \$50 for the first year in the borough and a \$15 fee for each additional year, and to require a journeyman plumber to pay a \$20 fee for the first year and a \$5 fee for each additional year.

Morrisville residents will be required to pay anything over the fixed cost of \$4 for installing water meters in their homes, according to a recommendation by Mr. Pursell. The vote was unanimous.

Decision Reversed  
The sanitation committee recommended that a recent Board of Health decision, concerning an application for a sewer hook-in, be reversed. Sanitation Committee Chairman Charles D. Elcock reported that the Board of Health recently denied application to a residence at 490 Hamilton boulevard to hook-in to Gindin's private sewer lines on the grounds that there were no more facilities available.

The sanitation committee reported that the home is the 72nd home to request the sewer hook-up in a 75-home limit, and they could see no reason to deny the applicant permission to hook-in.

The Board of Health's decision was reversed by unanimous vote. A \$70,000 bond issue payment, floated for water works improvement, is due. The council voted to pay \$5,000 on the principal and a \$156.25 interest payment.

The public properties committee reported that Delbert Pinkard made a request to buy two borough's scales for a price of \$100. The scales are unused at the present time, and are located near the water works.

### Big Demand Surge Seen From Detroit

NEW YORK —UP— Impact of steel orders expected from auto makers in the next few days will squeeze the nation's already tight steel market to the point where it's "shut like a vise," Iron Age said today.

The metalworking publication noted what it called an "artificial feeling of plenty" in some steel products because of the "slowness" of car makers to commit themselves on production of their 1957 models.

"Tip-Off" On Demand  
But there has been a "tip-off" of the demand surge to come, Iron Age said — namely a "recent and sudden tightening of forging bars and billets and a quick pickup in demand for manufactory wire." Those products are extensively used in car manufacture.

Although mills have left some space open in their books for November and December automotive orders, Detroit's needs will jam the books solidly through the end of the year in most products, the trade paper said.

Tests May Be Answer  
Tests on post-chlorination and pre-chlorination, Mr. Steward said, may be the answer we want. The tests were favorable to pre-chlorination of the water, he said.

Meanwhile, water for the borough will be supplied from the Delaware river through the filtration plant, a capacity of 1,500,000 gallons a day.

In other action, Councilman James Magee, chairman of the streets and lights committee, reported that an arborist, supplied to the borough free of charge by the Philadelphia Electric company, will begin a three-months survey of the trees in the borough.

The arborist will make a complete atlas of borough trees, pinpointing each tree, and its particular case, with suggestions on what to do about present planting plans and procedures.

The tree expert met last month with the street committee and the Tree Commission to brief his plans. The committee decided to take the services of the arborist and said his plan, if accepted, could be used as the "official planting plan" of the borough.

Street Lighting Survey  
Mr. Magee said that a similar survey of the borough's street lights should be made. He reported that street lights will be put up on W. Palmer street sometime next week.

An \$8,730 lease-back in rent, due September 25, to the Morrisville Municipal Authority on a loan on the water works, was unanimously passed to be repaid.

Council voted to supply a service station across from the Morrisville Drive-In theater with water from its system. The vote was five to three.

The split came when it couldn't be agreed upon why the gas station shouldn't locate in the borough. The arguments being, that the station requested the borough's water and it (the station) serves as a possible tax source.

Elcock reported that the Board of Health recently denied application to a residence at 490 Hamilton boulevard to hook-in to Gindin's private sewer lines on the grounds that there were no more facilities available.

The sanitation committee reported that the home is the 72nd home to request the sewer hook-up in a 75-home limit, and they could see no reason to deny the applicant permission to hook-in.

The Board of Health's decision was reversed by unanimous vote. A \$70,000 bond issue payment, floated for water works improvement, is due. The council voted to pay \$5,000 on the principal and a \$156.25 interest payment.

The public properties committee reported that Delbert Pinkard made a request to buy two borough's scales for a price of \$100. The scales are unused at the present time, and are located near the water works.

The tree expert met last month with the street committee and the Tree Commission to brief his plans. The committee decided to take the services of the arborist and said his plan, if accepted, could be used as the "official planting plan" of the borough.

The arborist will make a complete atlas of borough trees, pinpointing each tree, and its particular case, with suggestions on what to do about present planting plans and procedures.

### Rusty Water

Continued from Page One  
bination of iron and manganese) and the well's output of manganese is "much higher than that."

Tests on post-chlorination and pre-chlorination, Mr. Steward said, may be the answer we want. The tests were favorable to pre-chlorination of the water, he said.

Meanwhile, water for the borough will be supplied from the Delaware river through the filtration plant, a capacity of 1,500,000 gallons a day.

In other action, Councilman James Magee, chairman of the streets and lights committee, reported that an arborist, supplied to the borough free of charge by the Philadelphia Electric company, will begin a three-months survey of the trees in the borough.

### 7 Area Drivers Are Fined \$1600

Seven persons pleaded guilty in Bucks County Court yesterday to drunken driving offenses in Lower Bucks County and were fined a total of \$1600.

John Hadnagy, Bellevue House, Pennell, was fined \$300 and costs or 30 days in Bucks County Prison if he does not pay the fine.

He was arrested by Pennell police following an accident at Route 1 and Durham road, Pennell, on June 23.

The second person to receive a \$300 fine was Francis Davis, 620 Race street, Bristol. He was arrested July 7 by Bristol township police.

Christopher G. Miller, 18, of Philadelphia, was fined \$200 and costs. He was arrested July 4 after going through a red light on Bustleton pike, Southampton. He also sideswiped another car. Miller said he obtained beer at a picnic.

Evelyn A. Schindel, 1821 Richhill road, Feasterville, was fined \$200 and costs for drunken driving in Middletown township on July 1.

Hamilton was arrested July 1 by Bristol township Constable Malcolm MacKenzie after playing a game of tag with the constable around the township.

MacKenzie's son was injured once during the "game" when the constable was forced to stop quickly in order to avoid striking Hamilton's car.

After a warning, Hamilton still followed the constable's car and was eventually arrested.

### First Birthday Party Planned By Ski Club

The Levittown Ski club will celebrate its first birthday with a party Saturday, Sept. 29 at the home of Mr. and Mrs. Jack Top-liffe, 68 Valley road, Levittown.

Nan Hertkorn, chairman, announced plans for the affair at the club's regular meeting Tuesday evening at the home of Mr. and Mrs. John Tyma, 10 Good lane, Levittown.

Other activities planned by the club include a weekend camping trip Oct. 6 and 7 in the Poconos and water skiing this Sunday on the Delaware. John Tyma can be contacted for details on the camping trip and Ken Rossbauer is chairman of water skiing activities.

Club members will attend a square dance in October of the New Jersey Skiers Ski club.

Miss Erna Schauer, of Cobalt Ridge, Levittown, was welcomed as a new member.

The next meeting, Sept. 25, will take place at the home of the club president, Jack Berkley, 86 Goldengate road at 8:30 p.m.

The next meeting, Sept. 25, will take place at the home of the club president, Jack Berkley, 86 Goldengate road at 8:30 p.m.

### Man Tells Police He Killed Wife

PHILADELPHIA — UP — A man arrested while carrying a toy pistol received a hearing today after telling police he stabbed his wife to death in their Boston apartment on July 5.

The suspect, who identified himself as Donald R. Killum, 30, of Boston, was arrested Tuesday on a street corner.

Detectives had converged on the scene after a tavern owner telephoned that a patron was carrying a gun in his belt.

"Unfaithful"  
As police sought to link him to various holdups, Killum blurted out that he had killed his wife, Theresa, 28 on suspicion she was unfaithful, according to Capt. David Roberts of the Homicide squad.

Roberts quoted him as saying he and his wife had been drinking with several sailors they met in Stoltz Square in Boston, but that he left and went home. He hid under the bed and surprised his wife and a sailor when they came to the apartment. The sailor fled, but Killum stabbed his wife as she tried to run away, according to Roberts.

The suspect left Boston after the slaying and came here three weeks ago. He had been working "off and on" as a dishwasher.

### Armed Thugs

Continued from Page One  
The driver took down the license number of their car.

Armed with the license number Bristol Township police, with the help of officers from six other Lower Bucks County municipalities, immediately sealed off all the bridges over the river between Bristol and Morrisville. But the hunt was called off with no results after an hour.

The search continued today as Sgt. Thomas Stewart and Patrolman Edward Ellison were tracing the license number of the car.

Rather cloudy and warmer today with highest 76 to 82. Fair to night with lowest 58 to 64. Tomorrow rather cloudy with little temperature change and chance of afternoon showers.

Bridge Pair  
Held For  
Grand Jury

Brown, Miller  
To Answer Fresh  
Conspiracy Charges

Former chairman of the Delaware River Joint Toll Bridge Commission will go before a grand jury in November to answer fresh charges that they profited illegally from their positions on the bi-state agency.

Leslie Brown, of Trenton, and Alexander R. Miller, Easton, Pa., were ordered held during a day-long hearing yesterday before Justice of the Peace Leon H. Milnor, Newtown, despite strenuous objections by attorneys that the two former commission heads had not knowingly violated the law.

Milnor ruled there was sufficient evidence to hold Brown on charges he accepted illegal salaries totaling \$11,666, and that he was "directly or indirectly" interested in the sale to the commission of a \$4,346 china set manufactured by a company he heads. Milnor ordered Miller held for the jury on two counts of "obtaining money under false pretenses" during a trip to Las Vegas, Nev., in 1954 and of using commission funds to maintain a lobby in Harrisburg, Pa.

The charges against Miller were in addition to five handed down during a hearing last month on the spending practices of the scandal-shaken New Jersey-Pennsylvania commission. Frank Lawler, Jr., Pennsylvania deputy (Continued On Page 3, Col. 1)

Good  
Evening!

Ike rejects force in Suez hassle.

Says the President, the U. S. will go to war only to defend herself.

Well sir, that makes the record straight and should make it clear to Britain and France that every possible avenue of peaceful negotiation should be exhausted before they get trigger happy.

And if there's any doubt lingering anywhere in the world about America's peaceful aspirations Mr. Eisenhower's clear and precise statement at his press conference yesterday should dispel it.

Weather still gorgeous and skies make the prognosticators look like amateurs.

Another month to go and we'll be done with the hurricane season and somehow or other we've got a hunch we'll make it without the trees getting into each other's hair and the rivers and creeks running like wild. Old Ma Nature very kind up to now.

And old Bucks county entering another glory season and autumn flowers begin to show and a tint of fall is faintly susceptible in the fields and woodlands.

It's like we always say: Only thing the rest of the country has is what Bucks county had left over.

Democratic governor elected in Maine and the resounding victory is discounted by the GOP as merely due to the popularity of the man.

We're not too sure. Nor are we too sure that surprise wasn't something of a jolt to the Republican party still making it appear that it's so sure of November victory that there's no use getting excited about it.

There they are: Dodgers and Braves tied for first.

The Phillies? Since the middle of April they've been trying to get their show on the road but have never quite made the grade.

Romance hasn't changed much through the ages. The ancient Greek gals used to sit in the moonlight and listen to a lyre, too.

Watch your driving.

Preparing For United Fund Campaign

Industrial and Commerce Division of the United Fund campaign beginning October 2 had the first of a series of breakfast meetings this morning at 8 o'clock at the Keystone hotel and polished off final plans for this vital phase of the \$603,000 financial appeal. Otto Grupp III is chairman of the division. Seated, left to right, are Adrian Hoffman, executive director of United Fund; R. A. Nelson, Udo Fischer, Mrs. Edward Linforth, Stephen Midouhas, Robert Warwick and W. B. McCluer. Standing, left to right, are Mrs. Olivia Miller, publicity director for United Fund, Mr. Grupp, and John Spadaccino, labor representative of United Fund.

Siles Church  
Parsonage Is  
Nearly Done

Roof Being Put  
On Scottville  
Pastor's Home

The \$14,450 parsonage of the Scottville Methodist Church, Siles, Lower Southampton, is expected to be completed next month, it was announced today by the Rev. Robert K. Townley, pastor.

The new building, which has reached the roof-construction stage, is located on Brownsville road at Manor lane. Construction began about mid-summer.

"The walls are up and the building is almost closed in," said the Rev. Townley today. "Work on the roof is expected to begin today," he added.

The pastor explained that after roof work, only inside construction remains. "From then on they won't be hampered by rain nor bad weather," remarked the Rev. Townley.

General construction of the parsonage is under the direction of Clem Brennan, of Feasterville. Harold M. Neal, of Newportville, was the architect.

The new parsonage is about a quarter mile from the church. The latter is at Brownsville and Bristol roads, Siles. Scottville Methodist Church primarily serves the people of the Oakford-Trevose Heights area.

The Rev. Townley, who was assigned to the Scottville church in May, has been living in an apartment on Bristol road. He will move into the parsonage after its completion.

Land for the new building was donated by Mr. and Mrs. Walter Sebastian, of Manor road, Ne-shaminy Hills.

Hall, GOP Leader,  
To Visit Levittown

Republican National Chairman Leonard Hall will come to Levittown with U. S. Senator James H. Duff (R-Pa.) Friday to chat and shake hands with new voters and other citizens at the Shopping Center.

The visit was announced by Paul C. Voltz, chairman of the Bucks County Citizens for Eisenhower, who said Sen. Duff plans at least two more visits to the county and local Republican leaders and hopes Vice President Richard M. Nixon will come during the campaign.

Mr. Hall and Sen. Duff, in tentative plans, will be at the shopping center from about 7:30 to 9 p. m., near Pomeroy's department store, where county registrars will be on hand to register voters.

In past registrars' visits, up to (Continued On Page 3, Col. 4)

Senator Wiley  
Wins Nomination

Sen. Alexander Wiley won Republican renomination for the U. S. Senate early today when his younger opponent conceded in a down-to-the-wire battle.

Meanwhile, the outcome was still in doubt in another close senatorial contest in Colorado.

Rep. Glenn Davis, 41, conceded to Wiley shortly after the veteran GOP senator surged to a lead of some 10,000 votes in the spotlighted Wisconsin GOP battle for the senatorial nomination. It was the largest margin Wiley had enjoyed during the ballot counting.

Davis wished Wiley "well" in a congratulatory telegram and urged all Wisconsin Republicans to back the 72-year-old senator in his campaign to win election to his fourth term in the Senate.

Wiley will face state Sen. Henry Maier, who won the Democratic bid, in the November election.

Will Face Maier

Maier fought a close battle for his nomination with former Democratic state Chairman Elliot Walstead.

Wiley had cast himself in the role of the underdog in the battle since the regular GOP organization had thrown its support to Davis.

Colorado highlighted a Democratic senatorial contest between former Congressman John A. Carroll and Charles F. Brannan, secretary of agriculture in the (Continued on Page 3, Col. 3)

Owners Sign  
Non-Liability

The majority of the property owners along Second Street pike, Southampton, last night agreed to sign the anti-liability sidewalk agreement with township officials.

About 80 percent of the owners consented, and sidewalk construction will begin shortly in front of their shops, businesses or homes.

The others must go without the walks. Trinity Paving Company workmen will bypass the non-signers. This means non-signing property owners will have portions of their sidewalks ripped up and no new walks to replace them, it was reported.

The agreement, which most owners signed, permits workmen to enter upon their property for sidewalk work in conjunction with the re-construction of Second Street pike. It also frees township and state officials from liability in case of property damage.

LEONARD HALL

CD Police  
Plan Exercise

The recently qualified auxiliary policemen and women of the Bristol borough Civil Defense Council will take over the regular duties of the police department Friday from 6 to 9 p. m. in observance of National Civil Defense Week.

The auxiliary police will be in CD uniforms of overalls and steel helmets, Defense Director Howard Boyd hopes. The outfits were promised for delivery this week and Mr. Boyd is doing everything possible to see that they arrive.

The 25 men and women, who trained in a Civil Defense auxiliary police course in the borough, will handle traffic control and other police duties, the women operating the switchboard and radio at headquarters.

Mr. Boyd said the three women have Federal Communications Commission licenses. A fourth policewoman, the former Audrey Poullette, was married on Saturday to Charles M. Parrish, of Colebrook, N. H., and is making her home in New Hampshire.

The Civil Defense operation of the police department will be effected with the cooperation of the police department, and was outlined to Borough Council Monday by Burgess Anthony R. Nicol.

The auxiliary police received practical training earlier this year, when they were assigned to the Langhorne Speedway to keep order at a State Police rodeo.

President Sees  
Draft Continuing

WASHINGTON — UP — President Eisenhower, differing with Adlai E. Stevenson, sees no chance of ending the draft "in the immediate future."

Mr. Eisenhower told his news conference yesterday that he would not use the words "foreseeable" future in answering the question of whether the draft could be ended. But, he said that "in the immediate future . . . I see no change of ending the draft and carrying out the responsibilities for the security of this country . . ."

Supervisors  
To Review  
Regulations

Approval For  
Advertising Bill  
Expected Today

A plumbing and sanitation ordinance for the regulation of cesspools is expected to be approved for advertising by the Lower Southampton Township supervisors today.

This action is prompted by sewage problems which have been plaguing the township, explained Cammili Stroh, chairman of the board of supervisors.

Actual establishment of the new ordinance must await proper advertising and hearings, state Mr. Stroh.

However, he explained that the supervisors have discussed the situation and will review the ordinance as written by the township solicitor today.

The sanitation ordinance will establish regulations for the construction of cesspools and septic tanks, said Mr. Stroh. It will require that where cesspools are used, septic tanks must also be employed, he added.

"Of course, in some cases other types of sanitary draining may be necessary," said Mr. Stroh. "It depends on the terrain," he continued.

Clay Causes Problems

The ordinance will require that pebbles and stones be used for "back fill" in most cases. The use of clay has caused considerable cesspool drainage problems throughout Lower Southampton township. One of the most noted trouble spots has been Pine Crest Farms, Trevose.

Mr. Stroh explained that the new regulations will call for field inspections by testing groups, which will determine the type and size of sanitation drainage systems to be used in various locations.

The size of homes, the number of bathrooms and other matters will be taken into consideration, he said.

The supervisors will also study a proposed weed ordinance today. This ordinance will primarily deal with proper care of unoccupied lots, said the chairman.

Jury Drops  
Sain Charge

The September Grand Jury yesterday afternoon dismissed assault and battery charges against Dr. Fletcher D. Sain, chief of staff of Lower Bucks County Hospital.

In handing down a "no true bill," the grand jury also ordered Dr. Glenn W. Bricker, 153 Snowball drive, Levittown, to pay the costs of prosecution.

Dr. Bricker prosecuted the action against Dr. Sain. Court costs he had to pay amounted to \$62.05. Most of the time, when a grand jury fails to indict a defendant, the costs are placed on the county.

Patrolman Earl Buck of Bristol borough police was a witness yesterday. He was at the hospital at the time of the altercation between the two physicians.

The assault and battery charge grew out of an alleged argument (Continued on Page 3, Col. 4)

New Voters  
Registration

The Bucks County Traveling Registrars are now visiting local municipalities to sign up new voters for the coming November 6 presidential election.

The centers are open from 2 p. m. until 9 p. m.

TODAY

Victims of Holdup Men

David Moscufo, 11, looks admiringly at his mother, Mrs. Lena Moscufo, who out-talked and bluffed two holdup men out of the money in the cash register in her grocery store on Magnolia road, opposite Bristol Terrace II, last night. The robbers left after an attempt to shoot Mrs. Moscufo failed.

A. K. Margerum and his wife Katherine, both 72, inspected the empty cash register drawer which two holdup men cleaned out last night. The harassed robbers fled as Mrs. Margerum screamed for help and her husband tripped and shoved one of them. (Courier and Times Photo)

Feasterville Plans  
Halloween Contest

Plans for Feasterville's Halloween window - painting contest will be outlined tonight at an 8:30 meeting in the home of Stanley Steinke, chairman, 4 Crooked road, Feasterville.

The event, sponsored by the Feasterville Optimist Club, is the first such contest held in the Feasterville area.

It is under the direction of a three-man committee, consisting of Norman Dash, 20 Winding lane, Feasterville; Raymond Phillips, Indian Path lane, Feasterville, and Mr. Steinke.

"We hope to make this one of the biggest and most colorful events to come to Lower Southampton Township," said Chairman Steinke.

Procedure for contacting youngsters, organizing the contest, presentation of awards, and other matters pertaining to the event will be discussed tonight, said Mr. Steinke.

"There's a good chance we will handle the contest through cooperation with Lower Southampton area schools," explained the chairman.

The paving of Hazel avenue is part of the township's overall road improvement program, which officials hope to complete before cold weather, explained Mr. Flynn.

The contest will be similar to such events held in other communities and will consist of the painting of store windows with Halloween and autumn pictures.

\$60 Stolen  
From Edgely  
Gas Station

Terrace Market  
Owner Bluffs Pair  
Out Of Robbery

By GORDON PARKER  
Courier and Times Staff Writer

Two armed holdup men, apparently the same pair who have been victimizing Trenton service stations, struck twice within half an hour last night in Bristol Township and then eluded a hastily formed police net.

In their first foray into Lower Bucks County last night the gunmen were bluffed out of their loot by a fast-talking woman grocer. Angered at the woman's refusal to hand over the money the robbers attempted to shoot her, but their chrome-plated revolver failed to fire. The men then left.

Counting Money

Mrs. Lena Moscufo, who runs Lena's grocery store, on Magnolia road, opposite Bristol Terrace II, reported the two men attempted to rob her shortly after 9 p. m.

She said she was counting the money in her cash register when one of the pair, who was about 18 years old, walked in to buy some gum.

The second man followed him in the store. "He had a funny look on his face as if he was uneasy. Then I noticed that they were strangers," she said. The second was about 28 years old, she reported.

"The second man pulled a gun and said 'Give me everything you got in the drawer and don't make a sound.'"

"I thought they were kidding and just stood there," she said. "Then I said, 'You don't mean it, my husband and four sons are in the back room.' That must have scared them from the way they acted. But the second man said, 'I mean it all right and don't make a sound.'"

'Nice, Young Fellows'

"You look like nice, young fellows. Why would you want to do anything like this. You'll only get in trouble," I told them.

The youngest one walked out the door and stood on the porch, Mrs. Moscufo said. When the second one noticed that he backed out also, after trying to shoot Mrs. Moscufo.

She said she had about \$130 in the cash register at the time.

Then within a matter of minutes the pair held up a general store-service station in Edgely where they got about \$60. But while they were fleeing before the fury of the plucky 72-year-old proprietor, who tripped and shoved one of the robbers, the holdup men were spotted by a Neibauer bus driver. ### New Voters Hit Record

A new record of 13,653 voters have been signed up by the Bucks County traveling registrars with the total expected to hit nearly 16,000 in the last four days of the drive which ends Friday.

The old total of 11,088 was passed last Friday when the registrars sat in the Community Room of Pomeroy's department store, Levittown Shopping Center.

Yesterday the registrars returned to Pomeroy's and signed up 1020 more new voters.

"This is the biggest thing we've ever had," said Robert Detwiler, chief clerk of the registration commission who has been with the commission for 18 years.

"These next four days are big ones and we can come up to nearly 16,000 registrations," he said.

The most surprising thing of the drive, however, is the strength the Republicans have been showing among new voters in Lower Bucks County. In the past few years the Democrats have out registered the Republicans by two-to-one in some areas of Levittown.

But yesterday's totals showed the Democrats leading by only 51 new voters—512 to 461—over the Republicans.

The Republicans, however, still have better than a 500 lead because of heavy registrations piled up in the upper part of the county.

The totals, signed up by the traveling registrars from Aug. 13 through yesterday, are: Republicans, 6768; Democrats, 6256; no party, 436, and Independent, 193.

Detwiler added that another 1000 or more persons have registered at the commission office in Doylestown since last April, and that possibly this total will exceed 2000 by Saturday when the drive closes at the office.

### Grand Jury

(Continued from Page One) ty attorney general, said the five original counts against Miller would be placed before a Bucks County grand jury at Doylestown Friday.

In addition to Brown and Miller, three other former commission officials have been named in criminal informations charging "conspiracy to cheat and defraud" the agency. They are former commissioner R. Chapman Carver, Ivyland, Pa.; former comptroller Robert A. Haney, Trenton, and former deputy comptroller W. Willard Schwab, Levittown.

After ordering that Brown and Miller be held for jury action, Milnor adjourned the hearing until Sept. 21.

### Tennent Addition Meeting Planned

Centennial School Board's building committee will meet tomorrow to OK specifications and plans for the proposed \$277,300 addition to William Tennent High school, Johnsville.

The plans, as outlined by the school directors, will then go to the school authority for approval next Wednesday. If approved as expected, construction should begin shortly thereafter, it was announced.

Plans call for a nine-room project, including a shop, art room, commercial room, two general science rooms and four classrooms.

Advertising for construction bids is tentatively set for Sept. 21.

### Union Picketing Southampton Job

Union picketing broke out at the construction site of Southampton's new fire house, Street and Churchville roads, this morning.

The sign-carriers are protesting the use of non-union help, it was reported. Allen E. Reeves, Inc. of Abington, is the building firm erecting the fire station.

Mr. Reeves said today, "They can walk all they want, I don't care. We can work where we want and as we want, can't we?" he added.

Robert E. Robson, president of the Southampton Fire company, said this morning, he had not

### Births LOWER BUCKS HOSPITAL

Sept. 10  
Mr. and Mrs. Angelo Carlisi, 921 Wood street, Bristol, girl.

Sept. 11  
Mr. and Mrs. George Eysenbach, 3315 Second street, Bristol, girl.

Mr. and Mrs. Robert Frasco, 39 Quarter Turn road West, Levittown, boy.

Mr. and Mrs. Thaddeus Horton, 122 E. Richardson avenue, Langhorne, boy.

Mr. and Mrs. John Ricci, 1313 Wynfield drive, West Bristol, boy.

Mr. and Mrs. Richard Showers, 715 Excelsior avenue, Croydon, boy.

### New Aggression Charged By Arabs

JERUSALEM Jordanian Sector —UP— The Arab News Agency reported that 15 Jordanian soldiers were killed today in a "treacherous Jewish aggression" in the Hebron region of Jordan.

The agency said a "strong Israeli force" crossed the armistice lines five miles south of Hebron about midnight and attacked Jordanian police and national guardsmen, "inflicting considerable casualties."

The agency report said 15 Jordanians were "martyred." There was no immediate official report of casualties.

### Resident Charges Weeds Hazard

Edward Albert, 407 East Sterner road, Lower Southampton, has complained to the township supervisors that high grass and weeds on a tract adjoining his property have become annoying and create a fire hazard.

He asked that the lot be cleared and the vegetation cut. The supervisors agreed to contact the owner of the property and ask that proper care be taken of the area in question.

### Daughter Born To Whittings

Mr. and Mrs. Charles Whiting, of 163 Mill drive, Levittown, announce the birth of a daughter this morning at the Lower Bucks County hospital.

The infant weighed six pounds, nine ounces and has been named Debra Lynne. Mr. Whiting is employed as Circulation District Manager for the Bristol Courier and Levittown Times.

### Big Demand Surge Seen From Detroit

NEW YORK —UP— Impact of steel orders expected from auto makers in the next few days will squeeze the nation's already tight steel market to the point where it's "shut like a vise," Iron Age said today.

The metalworking publication noted what it called an "artificial feeling of plenty" in some steel products because of the "slowness" of car makers to commit themselves on production of their 1957 models.

#### "Tip-Off" On Demand

But there has been a "tip-off" of the demand surge to come, Iron Age said — namely a "recent and sudden tightening of forging bars and billets and a quick pickup in demand for manufacturers' wire." Those products are extensively used in car manufacture.

Although mills have left some space open in their books for November and December automotive orders, Detroit's needs will jam the books solidly through the end of the year in most products, the trade paper said.

#### Inventories

Consumers entering the fourth quarter with well-balanced inventories should survive the winter "without too much trouble," the report continued, but others "are in for it."

Some manufacturers using heavy plate already have had to cut work weeks because of a shortage in that product.

### Hall Visit

(Continued from Page One)

1000 persons have appeared there to sign up.

A reception will be held at Flannery's, Pennell. No time has been set thus far.

#### Converted Drive

A Republican spokesman said the visit by the national chairman is part of a concerted drive in which the party is concentrating on the Bucks-Lehigh congressional district, a "marginal" one, in which the Republican lead is only slight.

Mr. Voltz said this is the first time, to his knowledge, that a Republican national chairman has visited Bucks county.

Celebrating the visit, the Bucks County Eisenhower group's Ike Bandwagon, a 40-foot house trailer, will be stationed on the Levittown site.

### Jury Drops

(Continued from Page One)

between the physicians at 4:30 a.m. May 7.

Dr. Bricker accused Dr. Sain of forcefully trying to eject him from the hospital.

The Bucks County Court today refused to allow Dr. Glenn W. Bricker, Levittown, to withdraw assault and battery charges against Chief Howard C. Shook, of Middletown Township.

The charge against Chief Shook is scheduled to go before the grand jury today.

The court also refused an oral motion by Dr. Bricker to instruct the district attorney to re-submit the case against Dr. Fletcher D. Sain to the grand jury.

### Claim Crossings Don't Measure Up

Bristol borough councilmen examine the railroad grade crossing on Farragut avenue near Green lane, one of several spots where they claim the rough surface is a hazard for motorists. Council maintains that the Pennsylvania Railroad paved the adjoining road section too high, leaving a deep hole for the rails. They're filing a complaint with the Public Utility Commission. Looking on as Borough Engineer Livingston Joyce (right) holds a measuring rule are (from left) Councilmen William Stroble and Samuel Navetta, street and highway committee chairman. (Courier and Times Photo)

### 7 Area Drivers Are Fined \$1600

Seven persons pleaded guilty in Bucks County Court yesterday to drunken driving offenses in Lower Bucks County and were fined a total of \$1600.

John Hadnagy, Bellevue House, Pennell, was fined \$300 and costs or 30 days in Bucks County Prison if he does not pay the fine.

He was arrested by Pennell police following an accident at Route 1 and Durham road, Pennell, on June 23.

The second person to receive a \$300 fine was Francis Davis, 620 Race street, Bristol. He was arrested July 7 by Bristol township police.

Christopher G. Miller, 18, of Philadelphia, was fined \$200 and costs. He was arrested July 4 after going through a red light on Bustleton pike, Southampton. He also sideswiped another car. Miller said he obtained beer at a picnic.

Evelyn A. Schindel, 1821 Richill road, Feasterville, was fined \$200 and costs for drunken driving in Middletown township on July 1. She was stopped at Routes 1 and

Hamilton was arrested July 1 by Bristol township Constable Malcolm MacKenzie after playing a game of tag with the constable around the township.

MacKenzie's son was injured once during the "game" when the constable was forced to stop quickly in order to avoid striking Hamilton's car.

After a warning, Hamilton still followed the constable's car and was eventually arrested.

### Conduct Charges Jail Man, Woman

A man and woman who had been living in a small, uncompleted building for about five months were sentenced to Bucks County Prison, Doylestown, for 30 days yesterday by JP Earl B. Dougherty, of Edgely, on a disorderly conduct charge.

Bristol Township police arrested Miss Betty Woelke, 34, and Alfred Wilson, 29, in the small building located at Route 13 and Franklin avenue, Croydon, yesterday morning.

### Yom Kippur Services Set For Area

Southampton-Feasterville area Jewish congregations Beth David and Temple Zion will begin Yom Kippur services Friday.

Temple Zion's services will get underway at 8:30 p.m. in the Friends Meeting House, Street road, Southampton.

Beth David lists Kol Nidre services for 7:30 p.m. Friday at the Southampton Playhouse, Street and Cushman roads, Southampton.

The latter congregation has also scheduled Yom Kippur services for Saturday, from 9:30 a.m. to 1 p.m. and from 4 to 7:30 p.m. Children's services are set for 3 p.m.

Temple Zion's Saturday schedule lists services for 9:30 a.m., with a children's program at 2 p.m. and memorial services at 3:30 p.m.

### Grand Jury Indicts 21 In County Court

The September Grand Jury yesterday morning held seven persons for Criminal Court trials and released one man who was arrested on a technical charge of assault and battery with intent to ravish. Fourteen were indicted during the afternoon session.

The jury failed to indict Joseph Shirken, 62, Trenton, who allegedly molested two Falls Park youngsters.

Falls township police arrested Shirken on June 4 after the girls' father complained that Shirken, a paperhanger, had kissed his daughters while he was working at the home.

Shirken told police that he "loves children," that he is affectionate, and that he "meant no harm."

Held For Court  
Held for criminal court during the morning session were:

Richard C. Trumble, Philadelphia, arrested on the Bristol township section of the turnpike, and Ronald G. Keech, Philadelphia, arrested in Doylestown, both charged with drunken driving.

Willie E. Daniels, Trenton, arrested by Falls township police on two charges of assault and battery with intent to kill; Henry D. Locke, 37 Willow drive, Levittown, open lewdness and public indecency.

Rubin Boyance, 62 Leisure lane, Levittown, four indictments on obtaining money under false pretenses, and Albert Steinhauer, 50 Walnut street, Sellersville, involuntary manslaughter.

Indicted during the afternoon session were:

Kirby R. Tolley, 1375 Minot avenue, Croydon; Roy L. Garlich, 47 Grove lane, Levittown; Lewis J. Thomas, 3946 Hollywood avenue, Treose, and Albert Bauer, 113 Belmont lane, Levittown, all drunken driving.

Clatis Richardson, 1375 Minot avenue, Croydon, and Richard A. Arbach, Shady lane, Eddington, assault and battery; Roman G. Camara, Philadelphia (arrested in Lower Southampton), open lewdness, tending to corrupt the morals of a child, resisting arrest and attempted escape.

Mrs. J. P. Lyons, forgery; Beulah Schack and Raphael Roth, worthless checks; Stanley Gorski, 2440 Bowman avenue, Cornwells Heights, unlawful sale of liquor to minors; Joseph Sweeney, Hatboro, fornication and bastardy.

John Kelly, First avenue and State road, Croydon, and James Carmody, 1312 Dixon avenue, Croydon, assault and battery with intent to ravish, indecent assault and contributing to the delinquency of a child.

### Man Tells Police He Killed Wife

PHILADELPHIA — UP — A man arrested while carrying a toy pistol received a hearing today after telling police he stabbed his wife to death in their Boston apartment on July 5.

The suspect, who identified himself as Donald R. Killum, 30, of Boston, was arrested Tuesday on a street corner.

Detectives had converged on the scene after a tavern owner telephoned that a patron was carrying a gun in his belt.

#### "Unfaithful"

As police sought to link him to various holdups, Killum blurted out that he had killed his wife, Theresa, 28 on suspicion she was unfaithful, according to Capt. David Roberts of the Homicide squad.

Roberts quoted him as saying he and his wife had been drinking with several sailors they met in Stoltz Square in Boston, but that he left and went home. He hid under the bed and surprised his wife and a sailor when they came to the apartment. The sailor fled, but Killum stabbed his wife as she tried to run away, according to Roberts.

The suspect left Boston after the slaying and came here three weeks ago. He had been working "off and on" as a dishwasher.

### Armed Thugs

(Continued from Page One)

The driver took down the license number of their car.

Armed with the license number Bristol Township police, with the help of officers from six other Lower Bucks County municipalities, immediately sealed off all the bridges over the river between Bristol and Morrisville. But the hunt was called off with no results after an hour.

The search continued today as Sgt. Thomas Stewart and Patrolman Edward Elliston were tracing the license number of the car.

Less than half an hour later two robbers walked into the general store operated by A. K. Margerum at Grieb avenue and N. Radcliffe street, Edgely.

The first one in the door pulled a gun and pointed it at Margerum and his wife, Katherine, who are both 72 years old.

Mr. Margerum, who was standing nearest the cash register, backed off and the second man pushed him to one side saying "Get out of the way."

In the meantime Mrs. Margerum ran out a side door towards the service station screaming. The man with the gun, who Mr. Margerum said was about 25 years old, followed the woman to the door and then returned to the store.

By that time the second man had finished cleaning out the cash register and the two started to leave, the one with the gun going first.

#### Trips Thief

"When the second one passed me I gave him a trip but it didn't knock him down, he just staggered. Then I started to chase them and gave him a shove outside. I guess I got my confidence back when they started to run and I didn't see the gun any more," Margerum said.

He was so close to the pair that when they jumped into the car and sped away he was showered with cinders from the spinning wheels.

Paul Betz, of 1315 State road, Croydon, was approaching the scene in a Neihauer bus when he noticed the two robbers running towards their car with Margerum in pursuit. "I knew something was wrong and when they pulled out in front of me I turned the high beams on the car. I got part of their license number and a passenger got the rest," he said.

He followed the car until it turned off Radcliffe street to go over the bridge which crosses the railroad tracks. Then he returned to Margerum's store and service station.

Bristol township police, who were at the scene of the first holdup attempt, were called.

Sgt. Bentley Chapin ordered road blocks set up in the area with the help of police from Falls, Middletown, Bensalem townships and Tullytown, Pennell and Bristol boroughs. State police and police of the Delaware River Joint Toll Bridge Commission also participated in the search.

### Area Man Fined On Gun Charge

Raymond J. Buss, 1311 Susan avenue, Croydon, was fined \$50 and costs yesterday in Bucks County Court after pleading guilty to carrying a firearm without a license.

Buss was arrested by Bristol township police on Aug. 31 at the Route 13 footbridge over the Pennsylvania railroad, Croydon.

Police found a 12-gauge sawed-off shotgun on the front seat of his automobile.

### Planning Bensalem Canteen Activities

Members of the canteen committee, Bensalem High School, plan fall activities. George Keller (left), chairman, goes over budget figures with other members, who are (from left) C. Benshetler, Mrs. G. Keller, Miss G. Chelland, Mrs. A. Salandrea, Mrs. J. Kindy, H. Helgindorf and J. Kindy. Canteens will be held every Wednesday night, beginning next week. (Courier and Times Photo)

### Treose-Oakford Scouts Learn CD Setup

Treose-Oakford area Girl Scouts of Troop 6 listen to Mark Edwards, Middletown Township Civil Defense director, explain CD organization and procedure. Mr. Edwards not only told of the general Civil Defense system, but explained the Girl Scout part in making CD work. He spoke to the girls at the Neshaminy Falls Women's Club auditorium, Oakford, last night. (Courier and Times Photo)
